BY PACIFIC TELEGRAPH.

[SPECIAL TO THE DAILY UNION VEDETTE.]

CINCINNATI, Sept. 12th.

An Indianapolis telegram announces the capture there of Quantrelle; he was recognized on the street by a refugee.

HEAD-QU'S ARMY POTOMAC, Sept. 10.

This evening firing has been kept up on the centre and right; the rebels seem to have got excited by their surprise of last night. They appear determined to annoy our pickets as much as possible. It was the 20th Ind. and 99th Pa. cavalry that made the charge that captured the rebel line of pickets.

OSWEGO, Sept. 12th.

The schooner *Opechee*, from Toledo 2nd, with a cargo of wheat, is supposed to have foundered with all on board, in the late gale on Lake Erie.

NEW YORK, Sept. 12.

The *America* from Southampton 31, arrived, and says if the account of the ram *Tennessee's* doings is true, it is one of the most gallant actions in the American war. Accounts of the loss on both sides make the action still more extraordinary.

Confederate loan, is quoted at 78⅞.

The Conference is adjourned; probably because the Danish plenipotentiaries are awaiting the necessary documents. Up to the present time the Conference has been occupied solely with the territorial question.

The difficulties between Turkey and Nimato is settled. Arrests continue at Trente. The police have discovered arms and munitions, etc.

Commercial's special says the contractors are clamorous for pay, but the Treasurer is withholding all payments in order to pay the soldiers. No news from Grant or Sheridan.

Commercial's special says Chase denies insinuating that he does not support Lincoln. He promises a letter for publication on the subject. Secessionists denounce McClellan's letter.

WASHINGTON, Sept. 12th.

Capt. M D. Isson, U. S. steamer *Santiago*, from Cuba under date of Sept. 10, informed the Navy Department that on Saturday, when on his way to Hampton Roads for coal, he discovered, chased and captured a blockade runner, which proved to be the English steamer *Advance*, late *Lord Clyde*, from Wilmington, N. C. She had on board four hundred bales of cotton and some turpentine.

Admiral Lee in a dispatch dated Beaufort the 7th, says: The *Elsie* ran out of Wilmington on the 4th inst. The *Elsie* was seen and fired upon when she ran out, and was chased off by the *Santiago de Cuba* until lost in darkness. At 10:30 next day she was captured without papers or flag. A shell from the *Quaker City* exploded in the forehold of the *Elsie* and destroyed 150 bales of cotton. A part of her cargo was thrown overboard in the chase. She has now about 250 bales on board.

HALIFAX, Sept. 12th.

Two blockade runners, one the *Old Dominion*, arrived here on Saturday night, and the other the *City of Petersburg* on Sunday morning. They have 180 bales of cotton for England, which are said to be in payment of interest of the rebel loan. When the latter left Wilmington last Sunday night it was reported that the pirate [illegible] was to leave on a plundering cruise on Tuesday night. She also reports that two more blockade runners were to leave the same night. The famous *Alexandria*, now called the *Mary*, arrived here on Saturday—it is said for repairs.

LOUISVILLE, Sept. 12th.

The upward train from Bardstown this morning, was captured by 16 guerrillas under Magruder, who destroyed the locomotive, burned one car and robbed the passengers.

The *Journal* says the following dispatch was received at Rossean's headquarters from Nashville:

MURFREESBORO, Sept. 8th.

Thos. Jordan of the 9th Pennsylvania cavalry with 250 men, surprised, attacked and routed Dibble's brigade of 2,000 at Readyville yesterday, killing and wounding many, and capturing 130 prisoners. Our loss was one killed, five wounded, and four missing. To-day the railroad was torn up at Belle Buckle, but the damage was trifling. The bridge of Stewart's Creek—the only one injured by Wheeler—is rebuilt. Signed:

VAN CLEVE, Brig.-Gen.

MURFREESBORO, Sept. 10th.

The road is in good order from here to Chattanooga. Trains left this morning with mails from the army at Atlanta. The rebels are retreating by way of McMinnville.

Signed: VAN CLEVE.

WASHINGTON, Sept. 12th.

A gentleman connected with naval affairs says the English blockade runners *Elsie* and *Advance* were recently captured, together with their cargoes, which were worth probably half a million. The officers of the *Advance* say she was captured because of the bad coal aboard. The obstruction of the Weldon railroad prevents a better supply to the blockade runners.

PORTLAND, Me., Sept. 12th.

Fifty-one towns give Cony 7,177 majority, against 6,493; a net run over last year of 684.

BALTIMORE, Sept. 12th.

The *American's* special from Harper's Ferry to-day, says; No change in the military situation. Working parties recommenced work on the Baltimore & Ohio Railroad this morning. It is expected the road will be in running order clear through, by Friday.

FORT. MONROE, Sept. 12th.

The steamer *Fawn*, running between Norfolk and North Carolina, was captured yesterday on Dismal Swamp canal, by a party of rebel raiders. The crew and passengers were taken prisoners, and the steamer was burned.

BURLINGTON, ~~Vt.~~, Sept. 12th.

Returns from 171 towns foot up as follows; Smith, 26,219; Redfield, 10,371. Smith's majority is 1,584. The returns from 230 towns show the election of 231 Union, and 20 Democratic. The House of Representatives and Senate are unanimously Union.

PORTLAND, Sept. 13th.

Ninety-five towns give Cony 26,771; Howard, 17,603. The Union majority is 9,168. This vote includes a little over four-tenths of the State. The same gain will amount to 20,000, (whole majority) making Cony's total majority 19 to 20,000. The counties have all undoubtedly gone Republican; electing Senators and county officers. The House of Representatives stands about the [illegible] it did last year, when it stood 124 Union, to 26 opposition. The Gubernatorial vote in 1860, which preceeded President Lincoln's election, shows the Republican majority 15,725; some 4,000 short of the probable majority this year. The amendment to the Constitution, permitting soldiers to vote, will be carried almost unanimously.

CHICAGO, Sept. 13th.

The most destructive fire that ever occured in Cairo, took place yesterday morning, destroying nearly $200,000 worth of property on Eighth street and Commercial Avenue. A large number of families are rendered houseless.

ST. LOUIS, Sept. 13th.

Officers by the dispatch boat which arrived from Cairo yesterday, report 15,000 rebels concentrated at the mouth of Red River.

NEW YORK, Sept. 13th.

The *World's* special says of Hancock's brilliant movement on Friday night last, that when the rebel picket line and the entrenchments were carried, our line in front was rather irregular, and it was determined to straighten it up by taking that held by the rebels, which was a covered position, and lay at the foot of the hill, on the crest of which is a strong rebel fort, making the attack one of great hazard, besides it was of value to the enemy inasmuch as it afforded him a survey of a good part of our works towards either flank. At 11 o'clock in the morning the 9th Pa., 20th Ind., and 2d U. S. sharpshooters, all under Gen. Detrobiandt, started noiselessly from their position, and with bayonets fixed, moved quickly toward the rebel position. The rebels were asleep, and our troops were into their rifle-pits ere they knew it, when they fled in confusion. Two or three shots were fired and that was all. Some artillery was fired from the hill, but did no damage. Our troops instantly set to work turning the entrenchments to their own advantage. About 3 o'clock a force of rebels was heard approaching, whereupon a vigorous fire of musketry and artillery was opened on them and they retired. They declared, however, they would come again and re-take the works, which they will not be able to do, as they are being greatly strengthened.

Herald's special says the Union signal station at Dutch Gap was bombarded by the rebels Friday evening. Our batteries replied with vigor. The damage to us actually amounts to nothing, while with the enemy it is quite different. After the cessation of firing their earthworks bore unmistakable evidence of hard usage. Their men were busily engaged until dark repairing damages.

The Washington *Union* of the 10th, says Horace Greeley has again entered into a correspondendence with Sanders, assuring him that commissioners will be quickly sent, if desired, by Messrs. Clay and Holcombe, to Richmond to negotiate for peace, without conditions precedent.

Special to the *Herald*, Washington 12th: No decision can yet be arrived at with regard to the proposition for the thousand million loan made by European capitalists. It may be held under advisement till the action of Congress can be taken upon it, although without any apparent cause. The number of bids to the Secretary for the 31,000,000 loan continued in request. If accepted they should be applied to the seven-[illegible]

DAILY UNION VEDETTE.

SATURDAY MORNING, SEPT. 17, 1864.

NO MONEY IN THE TREASURY.—We publish for the information of the enlisted men of the command in this District, as well as the holders of their papers entitling them to extra pay from the State of California—the following extract from a letter of Adjutant General Evans, which sufficiently shows that there is no money in the Treasury of California from which their papers can be at present cashed, and the reason why the market value of the papers is so low. It certainly is poor encouragement on the part of California, thus culpably to throw her veterans on the mercy of money shavers and brokers, when a little energy and extra exertion would have the money ready for the men to whom it is fully due for services rendered. Here is the extract:—

HEAD-QUARTERS ADJ'T GEN'S OFFICE,
Sacramento, Sept. 5th, 1864.

SIR:—Your papers arrived all right, and I have your warrants now in my possession subject to your order. There is no money in the Treasury, and I cannot tell you when there will be. Please say to the men or any of them that have sent their claims to me and not yet received the money in return—that there is no money, and that I would like from them instructions as to what I shall do with the warrants. Respectfully, your ob't serv't.

GEO. S. EVANS, Adj't Gen.

To ——, Camp Douglas, U. T.

BALL LAST EVENING.—The members of the Dashaway Association had a ball last evening, which was well attended, and passed off very agreeably. Dancing, music and supper were all very exquisite in their kind, and the Hall was most tastefully decorated. The party did not break up till the "wee sma' hours ayant the twal'" lengthened into those immediately preceeding Reveille. By the way, the prospects are that the soldiers will have plenty of amusement this winter. They are certainly beginning in time, for we hear there is to be another Ball held in the same place (the Theater) on Monday night.

PIONEER LINE.—The attention of our readers is called to the advertisement of Oliver & Co's Stage Line. This old and well established "Pioneer line," made trips last winter where other parties considered it impracticable and unsafe to travel from here to Idaho, and kept open communications with the north which otherwise would have been broken off, and they well deserve the patronage of the public. Their line to Bannack needs no comment when we say that their time can't be beat so long as "Tom" handles the ribbons and shoves the "cayouses" at the rate of ten miles an hour.

☞ We call attention to an advertisement in to-day's paper of T. Gates, Esq., proprietor of the International Hotel in Idaho City, I. T. Having had positive "proof of the pudding" in regard to their establishment and found a tidy, comfortable bed, arranged by a competent lady, we speak in knowing terms. Our friend J. W. Mitchell, an old typo, has charge of the Hotel, who will not fail of having the patrons of the House return if they have the same appreciation of hospitality as ourself.

PRODUCTIVE.—We were shown on yesterday some splendid ears of corn, averaging over fifteen inches in length, well filled and of very large grain;—grown by a gentleman living between Camp Douglas and the mouth of Red Butte Canon—entirely without the use of any manure or other fertilizer, and we were very much surprised indeed to see the yield. The same person has an enclosure of thrifty sugar cane averaging over fifteen feet in height. Who can do better?

GOLD QUOTATIONS.—The following are the rates allowed by the Bankers of this city for gold coin and dust:

Gold coin 175. Gold dust (Virginia) $28 (Boise) $22.

These rates have for several days remained unchanged. Hereafterward we shall keep the readers of the VEDETTE posted on the ruling prices for the precious metals.

GRASSHOPPERS.—The farmers about Denver have been troubled a great deal this season by grasshoppers. They have damaged the crops to a considerable extent and totally destroyed many kinds of vegetables.

THE MONTANA POST.—Our old friends, Messrs D. W. Tilton & Co., having become proprietors of the *Montana Post*, published at Virginia City, Montana Territory, we are happy to welcome that sheet as having wheeled fairly into the Union line. Indeed, we have reason to believe that the prominent motive on the part of Messrs Tilton & Co., for purchasing the paper was, to take it out of Copperhead influences; which is to Union people (and among these the present proprietors are of the staunchest) highly miasmatic in their tendency.

The *Post* is a neat, well printed and well edited paper—is published weekly at $7 50 per annum—is thoroughly Union, and staunch in its advocacy of all Union principles. Its proprietors are gentlemen with whom we have long maintained business relations which have been pleasant (we believe) on both sides—so that we can heartily recommend them to this community, (in their own they need no recommendation) and their paper is just the medium for business men here who wish their cards brought to the notice of the inhabitants of that new and thrifty Territory.

Messrs Tilton & Co., will please put us on their exchange list;—we want to see the *Post* regularly.

MAIL VIA CALIFORNIA.—The Postmaster at Denver received the following dispatch from the Postmaster General, Washington, D. C.:

WASHINGTON, Sept. 2d, 1864.

POSTMASTER, DENVER.—During Indian disturbances east of your office, send mails for the east to San Francisco to come by sea.

(Signed,) E. L. CHILD.
Acting 2d Ass't P. M. Gen.

To which he sends the following reply:

DENVER, Sept. 3d, 1864

To Second Assistant P. M. G., Washington, D. C.:—The people of this country protest against the sending of mails from my office via San Francisco to come by sea, for the reason that *there is no just cause* for the Overland Company not carrying the mails as usual, and no interference from Indians. I will obey your instructions to send by sea until contrary orders are received. D. H. MOFFATT, JR.,
Acting P. M., Denver.

Denver News, Sept. 3d.

IOWA HOUSE.—We call the attention of our readers, and especially the traveling public, to the advertisement of P. Smith & Co., who have established the above Hotel at Boise City, Idaho Territory. Persons visiting that section will do well to give them a call.

NOTED GUERRILLAS.—The Carson *Independent*, referring to a report that the robber and guerrilla Quantrell was in Nevada Territory, says:

"This report may be true, and if so his presence bodes no good. That illegal organizations exist in the Territory is certain, and loyal people would do well to be on their guard."

It was stated yesterday in town that Dan. Showalter, with a band of outlaws, was on our southern border. Such reports often obtain currency when they have no real foundation, but loyal people of the State will do well to be vigilant and active.—*Sac. Union*, Sept. 6th.

It will be seen by a dispatch in to-day's paper that Quantrell is reported to have been captured at Indianapolis, Ind., on the 12th inst.

INDIAN OUTRAGE.—As Messrs. Robertson Twyman and Martin, who own a ranch six miles east of town, were loading their wagons with wood day before yesterday evening, a party of about a dozen Indians approached them in a hostile manner and drove them away from their wagons. They were armed with rifles, but did not fire them, and gave no explanation of their conduct except that one of them said, "white man no good—cut down all pine nuts." The men returned an hour or two after and got their wagons and oxen, but the Indians had left.—*R. R. Reveille*, Sept. 10.

RAILROAD IRON.—The bark *Susan A. Blaisdell*, which arrived at San Francisco on Tuesday, last from Newport, (England,) brought out a thousand tons of railroad iron designed for the Sacramento Valley and Placerville Railroad Company. This quantity will lay from ten to twelve miles of road. It will of course be used in extending the road beyond [illegible]

BY PACIFIC TELEGRAPH.

SPECIAL TO THE DAILY UNION VEDETTE.

Albany, N. Y., Sept. 13th.

The draft is ordered to commence in the Twelfth and Thirteenth Districts.

Washington, Sept. 12th.

The draft is ordered to commence in Ohio and other States where the quotas are not full, on Monday, the 19th.

[illegible] Sept. 13th.

Hon. W. W. Ketchum, of Wilkesboro, was to-day nominated for Congress by the Union party in the Twelfth District, Hon. G. A. Grow having declined.

Augusta, Me., Sept. 13th.

We have carried the State by the largest majority ever thrown by any party in Maine at any previous Gubernatorial election, possibly reaching 30,000. We have all the Congressional districts by immense majorities, and five-sixths of both branches of the Legislature.

(Signed) J. G. BLAIR, Ch'n Com.

Park Benjamin died in this city last night, aged 55 years.

New York, Sept. 14th.

The *Herald's* dispatches from the Shenandoah Valley, represent that the enemy has weakened his lines to the left of our forces, and is massing toward the Potomac. The fords are at present impassable on account of the late rains. The troops whose time has expired are re-enlisting by regiments.

The *Herald's* dispatch, dated in the field 13th, says: Another movement has been made by the enemy. He seems to be retiring with Averill close upon his rear, and indications are that we will have another fight, as Averill has reached the enemy's rear infantry line.

The Charleston *Courier* of Aug. 30th, says: A torpedo floated down on barges towards Fort Sumter on the night of the 29th, exploded when within thirty feet of the west face of the fort, but doing no damage whatever.

The Richmond correspondent of the Charleston *Mercury*, dated the 29th, says: The rebel soldiers are suffering from swelled feet in consequence of standing in water in the trenches. Ague and fever is also very prevalent in the rebel army.

The Charleston *Courier* of the 3d has a strong article against the cessation of hostilities, which it says the north is much in need of to strengthen its armies and war powers; yet the same issue contains an article which closes as follows: "War contains in itself every woe and calamity that mortals can groan under; with it comes bereavement, poverty, disease, death, rapine, desolation, extortion, murder and crimes of every dye, and woes of every shape and size; may the God of peace speedily lift up the light of his countenance upon us and grant us peace."

Albany, Sept. 14th.

In the Democratic Convention to-day, the attendance is large. Peter Cogger called the Convention to order. Hon. Marshall B. Chaplin was appointed Chirman, *pro tem*. Pending the motion to adjourn, Fernando Wood entered the hall, and some of the New Yorkers commenced crying Wood; others hissed and hooted; there was considerable confusion, during which the motion for recess was carried.

Cairo, Sept. 14th.

The New Orleans *Picayune* says the election on the 5th inst., was one of the most quiet and orderly ever witnessed in that city. There were about 6,600 votes polled, exclusive of two precincts in the 2d district, and the 2d poll of the 1st precinct. The new Constitution was adopted by about 4,000 majority; only about 800 votes were cast in the city against it.

The Charleston *Mercury* says that all foreigners resident in Savannah, who will not organize for the defense of the city by the 30th, would be sent to Atlanta.

Vance's majority for Governor of North Carolina, over Holden (peace candidate,) is estimated at 50,000, in a total vote of 75,000.

The Richmond *Examiner* of the 9th, says: Our hope was built on the terrible things that Wheeler was to do with Sherman's communications; but it seems, we regret to say, that they are fast falling into nothing.

The Savannah *News* learns that the rebel [illegible] the 3d, with some 30,000 pounds of powder, killing nine persons.

Washington, Sept. 14th.

The following is just received from near Berrysville, 7 p. m. 13th: This morning Getty's division of the 6th corps, with two brigades of cavalry, were sent to the crossing of Summit Point and the Winchester road over the Opequan Creek. Rhodes, Burnside's, Gordon's and Wharton's divisions were formed on the left flank. At the same time Wilson's and McCl[illegible] brigades [illegible] up Winchester pike and drove the cavalry at a run, until they came in contact with Kershaw's division, when they charged it, capturing the 8th S. C. regiment, with 15 officers, 145 men, its battle flag, and Col. Hennelan, commanding brigade, with a loss of only two killed and three wounded. A portion of the 2nd Mass. brigade made a charge on the right line and captured one officer and 111 men of Gordon's division of infantry. Our loss in the recent reconnoissance is very light.

Signed: SHERIDAN.

New York, Sept. 14th.

The *Commercial's* special says: Officers who left Grant's head quarters yesterday, report nothing going on except occasional shelling and picket assaults.

The *Post's* special says: Advices from the army of the Potomac state that the rebels seem to be feeling our lines slightly, but have made no general attack at any point. Grant has issued an order that all civilians now in his lines in front of Petersburg who refuse to take the oath of allegiance, shall be sent through the enemy's lines. The order also prohibits the sale of provisions to such civilians.

The draft is ordered to take place in Delaware and Maryland on Monday next.

Augusta, Me., Sept. 14th.

Returns from 156 towns give Cony 1,198 majority. The Union vote in the remainder of the State is equal in proportion. Cony's majority will reach 20,000.

Hartford, Ct., Sept. 14th.

The Democratic State Convention to-day is fully attended, and is enthusiastic for McClellan.

Washington, Sept. 14th.

Grant telegraphs this morning in respect to the draft as follows: City Point 13th. We ought to have the whole number of men called for in the shortest possible time, prompt action in filling our armies will have more effect on the enemy than a victory over them, they profess to believe and make men believe that there is such a strong party North in favor of recognizing southern independence that the draft cannot be enforced, let them be undeceived. Deserters come into our lines daily, who tell us that the men are heartily and universally tired of the war, and that desertions would be much more frequent but they believe a peace will be negotiated after the fall election. The enforcement of the draft and prompt filling up of our armies will save the shedding of blood to an immense degree.

Signed: GRANT.

The following telegram is received from Sherman on the same subject:

Atlanta, Sept. 13th.

I am glad to hear that the draft will be enforced. First, we need men. Second, they come as privates to fill up old and tried regiments, and with their experienced officers already on hand. Third, because the enforcement of the law will manifest a power resident in our Government equal to the occasion. Our Government, though a democracy, should in times of trouble and danger be able to wield the power of a great nation. All's well.

Signed: SHERMAN.

The draft is ordered to commence in all the States and Districts where the quota is not filled by volunteers, on Monday the 19th inst., and will go on until completed. Volunteers and substitutes received, will be credited to as late a period as possible.

Signed: STANTON.

Washington, Sept. 14th.

No news of special interest from the Army of the Potomac. The out posts of the enemy on our left and front, were strongly fortified recently. Deserters state that Lee's army has been strengthened by reinforcements from various points and by a large number of conscripts, who, it appears have deserting proclivities.

The Richmond papers of Monday contain the following items:

Macon 3d. The Yankees completely destroyed the railroad between Jonesboro and East Point in their retreat, burning every tie and breaking every rail. Our pickets extend six miles beyond Jonesboro.

Macon 10th. Hood received a flag-of-truce from Sherman, yesterday, in which the latter states that he had ordered Atlanta to be cleared of all white inhabitants. Those taking the oath will be sent north—those refusing will be sent south. An armistice of ten days was proposed by Sherman to carry out this order. Hood accepted the armistice, but denounced the order as barbarous.

Mobile 10th. Nothing of interest transpired below to-day.

Hood telegraphed to Bragg that Wheeler destroyed the railroad bridges on the Nashville railroad, and then worked down on the Tennessee and Alabama road and destroyed fifty miles of the Tennessee railroad. also several trains and much property. He claims that in every fight he has been successful.

The Augusta *Constitutionalist* says the fall of Atlanta is a bitter pill to swallow. but the thing is done and down it must go, however unpalatable.

Cairo, Sept. 14th.

The steamer *Gillum* from New Orleans and Matamoras, laden with lumber and thirty-eight passengers, was found on the 1st inst. three miles south of Sabine's Pass, and her cargo was a total loss. The passengers sustained themselves fifty hours on a raft, when they were rescued by the U. S. steamer *Circassian* An extensive land slide, embracing a quarter of a mile of the levee and ten miles above Baton Rouge, occurred some days since.

FROM KOOTENAI.—Mr. Charles Frush, who left Kootenai on the 17th ult., arrived in Lewiston on Thursday last. He reports no new discoveries up to the time of his departure from the mines, but many parties were prospecting, and as this is the only season of the year in which such work can be successfully prosecuted, on account of high water, it was confidently expected that much more country would be discovered as good as that already struck, as the waters were very low. The miners at work were doing well.

Mr. F. reports the fires in the timber between Pen D'Oreille and Kootenai as *very bad*—many animals being burned to death and others so badly injured as to become entirely useless.

His Honor, Mr. Haines, the Gold Commissioner, and party arrived in the diggings on the 15th. There was considerable excitement occasioned for a while, caused by the course which it was expected the Commissioner intended to pursue in carrying out the laws of British Columbia, but in a day or two all was quiet and order prevailed. He allows only one hundred feet square of ground to each miner, and charges five dollars for a mining license with a recorder's fee of two-and-a-half dollars for recording the same; a tax of one dollar for each animal, and one dollar and fifty cents for each "aparajo;" liquors, one dollar and fifty cents per gallon and all other goods ten per cent.—*Lewiston Golden Age Sept. 3.*

☞ In the unexampled dearth of doings around town to furnish the *material* of momentous items, we are happy to be able to inform our dear five thousand readers and the rest of man and woman kind that—all's profoundly quiet on the Platte—up and down, so far as we can see or hear of!—*Denver News, Sept. 7.*

A SILENT WAG.—The wag of a dog's tail.

NOTICE.

THE Electors of the [illegible] District, are hereby notified that there will be a meeting on the 26th inst. at [illegible], for the purpose of electing a [illegible]

[illegible]

BY PACIFIC TELEGRAPH.

[SPECIAL TO THE DAILY UNION VEDETTE.]

New York, Sep't 13th.

The Richmond *Enquirer* of the 9th has a marked editorial in which it looks for peace, lasting and permanent; and one on Calhoun's doctrine, that the Executive Department of the Federal Government should be reposed in two parts instead of one.

The *Tribune's* special from Washington, says: Col. Dana of the 143d Penn., who has just returned from under fire at Charleston, reports that he was assured by parties who had been out to Sumter, that it was rapidly settling, and in a very short time—it was believed—that water would enter the lower tier of embrassures. The fact was well known to our engineers that this fortification was erected upon quite a thin point of sand, which strata of sand rested upon soft pulpy moss of debris.

The *Tribune's* special, says: Information, deemed trustworthy, has been received to the effect that General Fremont has placed his letter of withdrawal in the hands of his friends, who will make it public at the proper time—and that before long.

The steamer *Roanoke* from Havana the 8th, arrived to-day, and dates from the City of Mexico to the 29th ult., and Vera Cruz the 1st, have been received. Mejia had entered Victoria City, and was joined by troops from Tampico under Dupin. It was reported in Vera Cruz that Gen. Castaleyni had defeated a party of Juarists near Satillo, losing among others, his chief of artillery. Mejia is said to be marching on Matamoras. No reliability can be placed in these reports.

The Mexican vessels *Juderno* and and *Mexican*, have been captured off Manzinillo.

It is reported that the Russian fleet in the Pacific has been ordered to rendezvous at Acapulco and salute the new Mexican flag.

The Spanish are not making any more headway in San Domingo than the French are in Mexico. They suffer severely from the ravages of sickness. A small force was attacked between San Domingo City and San Christiadoral. Their commander, Col. Cuariz, was killed.

There is official authority for contradicting the report that Secretary Fessenden had decided to place a temporary loan of $50,000,000 in the market.

The *Commercial's* special says: Governor Andrews, of Massachusetts, who has arrived here, has given in his adhesion to Lincoln without reservation.

One of Grant's staff who has just arrived, reports the condition of the army improving vastly. Lee cannot attack with any effect until Early returns. Sheridan holds him so closely he cannot fall back without great disaster.

The Richmond *Examiner* of last Friday, says that Grant has massed a great many troops on the railroad two miles south of Petersburg, and has within the last ten days pushed his left a quarter of a mile in advance and west of the railroad. He will, at an early day, make a grand burst and try to reach the south side of the railroad at some point near the town. This is to be his next grand movement.

The following additional has been received by the *Roanoke*: the rebels at Puerto Platte were attacked and driven out of their fortification, losing ten guns. On the other hand it is said the rebels lost only one gun and hold the forts, keeping up a constant fire. A cargo of slaves was successfully landed near Reballio last week.

Pittsburg, Sept. 13th.

Gov. Wm. Bigler was nominated for Congress by the Democrats of Clearfield county.
